

Communion Reflection

Speaking with authority.

Ideally words should always be preceded by deeds.

When people who have done something begin to speak, people listen.

Their words carry enormous weight.

They have real authority.

The weakness of a lot of words arises from the fact that they are not preceded, or accompanied, or even followed by deeds.

At the root of innumerable wrongs in our world is the discrepancy between word and deed.

It is the weakness of Churches, parties and individuals.

It gives people and institutions split personalities.

Lord, grant that what we have said with our lips, we may believe with our hearts and practise with our lives.
