

St Anthony's Easter Charity Newsletter

Following the positive reception of the Christmas charity newsletter, St Anthony's would like to put charities in the spotlight again during Easter through this second newsletter.

Unfortunately, the charity collections that normally take place during the period of lent and Easter can't take place this year. We hope that this newsletter can bring much needed attention to the important work carried out by the many charities linked to the Parish.

If you are interested in finding more about one of the charities, their activities, and want to know how you can support them, please click on the link provided or get in touch with the contact person.

African Enterprise

Facebook : <https://www.facebook.com/AfricanEnterpriseEurope>

Website: <https://europe.africanenterprise.com/>

We are reaching out to bring the Good News to all peoples across Africa and seek to help empower youth and women through various projects, also by providing access to clean water. During these last few months, we have sought to provide food hampers, hand washing devices and masks to the most vulnerable in the community.

Association Femmes d'Europe

<https://www.assocfemmesdeurope.eu/>

We want to help the most vulnerable, often women and children, focusing mainly on education, training and health programmes. We finance small-scale projects (80 a year on average), trying to reach those who do not get government subsidies and are not helped by large NGOs.

De Eglantier vzw

<http://www.eglantier.be>

Multifunctional centre for children and young people with severe mental or multiple disabilities. To make our operation possible, we can appeal to government subsidies and contributions from parents. However, the input of a large group of volunteers and donors is indispensable to enable a smooth operation.

Oasis Belgium

<https://oasisbe.com/>

Oasis Belgium has two main projects. The Welkom Project supports migrant women who are victims of domestic abuse and exploitation. The Buurt Bar project supports marginalized elderly in the Hasselt area. During the pandemic we have been working with the local commune to teach the elderly how to use technology to be able to stay in touch with family and friends during this time.
